## **BURNINGANGEL.COM HIRES SEAN CARNAGE PR, JOANNA ANGEL ARRIVES IN L.A FOR NEU WAVE HOOKERS**

*LOS ANGELES:* The Web's top site for young, tattooed punk-girl XXX, **BurningAngel.com**, proudly announces that they have hired former HUSTLER Video/VCA Pictures Marketing Director **Sean Carney** as their new publicist in L.A.

**Joanna Angel**, the gorgeous president of BurningAngel.com and the site's top model, says, "It's cool that Sean is a BurningAngel fan and friend. He's a great PR guy and understands where homo and hetero sex intersect, and how important music is to young people. That's where we're at. Sean is perfect for BurningAngel.com!"

"I'm really excited to be working with Joanna," reports Carney. "I was one of the people who originally hooked her up with VCA. I'm already doing PR for alt-porn director Eon McKai, so Joanna's punk XXX is right where my area of specialization is. BurningAngel has a bunch of new projects in the works, including a new VCA feature called JOANNA'S ANGELS, that are red hot!"

In addition, Joanna Angel is in Los Angeles this week for her starring role in breakout VCA director Eon McKai's NEU WAVE HOOKERS, a re-imagining of the classic 1985 Dark Brother's VCA feature, NEW WAVE HOOKERS.

Joanna Angel remarks, "Eon is a genius. He left a big blank in the NEU WAVE HOOKERS script so I can write my own story and formulate my own character. Also, I get to work with Tommy Pistol—BurningAngel's main stud—on another director's movie, and that will be really fun and sexy."

In the coming weeks, Sean Carnage PR and BurningAngel.com will be announcing the L.A. premiere's of JOANNA'S ANGELS and BurningAngel's independently produced horror-porn spoof, THE RE-PENETRATOR, as well as exciting new collaborations between BurningAngel and internationally known photographer Richard Kern.
